

24th March 2020 - Coronavirus Update

Following the unprecedented developments around Coronavirus and hearing Boris Johnsons announcement yesterday evening, Mulberry Wealth Management have closed the Cyncoed office with immediate effect.

In these unprecedented times, our employees and client's safety and wellbeing is at the forefront of our decision.

We have instructed a selection of employees to work from home and we will review this by the end of March.

Our contact telephone number remains open to enable our clients to get in contact with any queries.

As each day comes, the advice and guidance is changing from the Government and we will react accordingly. We will always have our staff and client's best interests when making these decisions.

Stay safe!
